Invitation to commercial exhibition

In connection with the NordU2001 - " The third NordU/USENIX Conference" a commercial exhibition will be held February 14-16. This gives you as an exhibitor a good opportunity to expose your products and services to a scientific audience.

This year the NordU/USENIX Conference cooperate with FUUG, The Finnish Unix User Group, NUUG, The Norwegian Unix User Group, DKUUG, The Danish Unix User Group and SSLUG, Skåne/Själland Linux User Group. In this way we will attract a greater number of delegates in the Nordic countries. We are expecting 400-500 delegates to attend the conference.

The NordU/USENIX conference will be promoted on the Internet and in some IT - magazines in the Nordic countries and also in The USENIX Association Magazine ;login:. We will also distribute the programme to our members in Sweden, Denmark, Norway and Finland.

As soon as you have decided to attend the exhibition as an exhibitor, goldsponsor or silversponsor you can link our website to your web page. You can also order programmes to distribute to your customers and colleagues. The URL to our website is <http://www.nordu.org/NordU2001/>

The programme will consist of two parallell tracks and a third track will be reserved for the silversponsors to make their own presentations. **As an exhibitor you will have the opportunity to sponsor different kinds of activities.**

We need your signed application by October 1 for it to appear in the programme.

For more information about the exhibition NordU2001, please contact Anita Nilsson Røjning at phone: +46-8 25 96 22.
